**Addendum #2**  
**ITB 261201**  
**LANDSCAPE SERVICES**

---

**The following shall be incorporated into ITB 261201:**

**1. How often would the property need to be fertilized?**

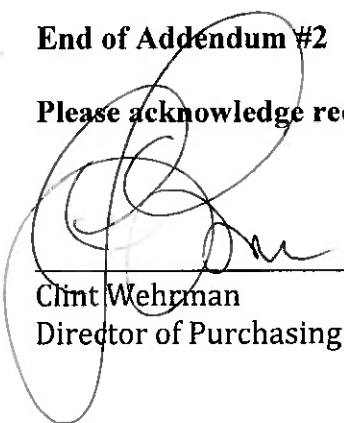

**Answer:** The property should be fertilized on a seasonal schedule: a pre-emergent application in early spring, broadleaf weed control in late spring, a weed-and-feed treatment in summer, and an application in winter to protect roots against harsh freezes.

**2. Are we able to combine all associated costs into one monthly price?**

**Answer:** No. All services and costs will remain itemized as outlined in the Bid Table. Mowing is expected to be weather- and growth-dependent and should not be performed when unnecessary, such as during winter conditions.

**End of Addendum #2**

**Please acknowledge receipt of this addendum with your Vendor Acknowledgement Form.**
