

ARPA FUNDING REQUEST SMALL BUSINESS or NON-PROFIT

The Lubbock County Commissioners' Court has decided to hire a 3rd party administrator for small business and non-profit funding request. In addition, the Treasury Department has released the Final Rule for the use of ARPA funds. Due to this, the applications for small business, non-profit and impacted industries has been removed from the website.

All applications and questions previously received will be forwarded to the administrator chosen. The approval of the company to administer these funds is scheduled for the end of February 2022.
